

## PROFILE

During the last 8 years I have worked in numerous roles and positions. My main work experience has been as a Teacher/Performer of Circus Arts, which has given me experience in many areas including; Administration, Team Leading, Rigging, Health and Safety etc. Due to my line of work, I have travelled around Ireland and Europe working in different roles and learning new skills, and as such I am great at adapting to a new environment! I take a lot of pride in any job I do, and I work extremely hard no matter the task!
